

Call for Event Production Freelancers

About AllKinds Studio

AllKinds is a multi-disciplinary design and fabrication studio that uses all kinds of materials to create custom art installations for brands. With commissions from corporations, organizations, art consultants, branding agencies and architecture firms, we tailor-make each artwork to fit large-scale spaces for brands, interiors, events and movements. Our dedicated team of designers, artists and fabricators mix materials, technologies and techniques to create art and objects that are innovative, meaningful, beautiful and on-brand. We thrive in our collaborative approach, welcoming new ideas and getting excited about the "what ifs". Our combined skill sets and handmade approach enables us to produce anything we can conceive, including even the most complex or technical concepts. With every project, our shared goal is to create a meaningful environment that tells a story in an elevated, authentic and impactful way. And nothing makes us happier than creating that story utilizing materials that were once meant for the landfill and giving them new life. At the completion of our projects, we make every effort to repurpose, recycle or donate leftover materials to ensure they are given the longest, most meaningful lives possible.

This team member will be added to our Freelance roster and will help supervise and coordinate all aspects of various events, such as overseeing setup and takedown, directing a team, and coordinating various technical and production aspects as needed. You should be self motivated and hold yourself accountable to getting things done in a timely manner. This role is for a creative problem-solver and constant tinkerer - someone who loves exploring materials, figuring out how things go together, and looks for simple and efficient solutions.

Every project through our door is unique, so our team is adaptable, flexible, and enjoys the challenge of a big learning curve - whether it's new designs, new materials, new skills, or new methods, we LOVE figuring it out! If our Core Values below speak to you, please keep on reading!

Core Values

Open-Minded

We push ourselves to learn new techniques and acquire new skills to enhance and evolve our work. With every project, we welcome all ideas and encourage new ways of thinking from our team and clients. There are no limits to what we can produce.

Collaborative

We are accessible, a resource, and a true partner to our clients, giving them personalized attention and brainstorming with them to find the best possible solution. We view every project as an opportunity to do something amazing together.

Supportive

We are a team who encourages each other and works together in a positive, collaborative environment. We listen, problem solve, discuss, and create together without ego. We learn, teach, and share new skills with each other to make the team better as a whole.

Driven

We are passionate about creating and sharing meaningful, beautiful art with the world. We work hard to create unique, memorable, and innovative art installations that make a lasting impression.

Professional

We present ourselves and our work with confidence and clarity. We earn respect and trust by setting clear expectations and sticking to the boundaries we set with kindness and conviction.

Conscious

We reuse, repurpose, recycle, and donate with every project, as much as we can. We thoughtfully plan a project from the start to minimize environmental impact and maximize our social impact.

Freelancer Requirements / Qualifications:

- Experience setting up/striking events
- Experience with on set work (photo, video, or theatre/scenic work)
- Rigging experience a plus
- Forklift, scissor lift, boom lift experience and license a plus
- Working in a woodshop (table saw, panel saw, chop saw, band saw, miter saw, basic framing knowledge etc.)
- Various types of installation methods (concrete anchoring, rigging, various hardware, etc.)
- Reading diagrams and layout drawings
- Spray painting, latex and acrylic painting.- desire to continually learn new build techniques and methods.
- Able to juggle multiple things happening at one time
- Calm under pressure
- Excellent people skills and communication
- Able to identify your own mistakes and seek improvement
- Must have a valid driver's license, be comfortable driving vans and box trucks (access to a car is preferred, but not required)
- Certified scissor lift and boom lift operator a plus
- Able to stand on a ladder for long periods of time
- Able to lift 40 lbs
- Comfortable using industrial adhesives and resins.

Other Skills

Do you specialize in one of the following specific skills or something else not on the list? Please be sure to point that out to us.

- Carpentry - We are always on the lookout for talented carpenters to help build our large scale installations or set designs.
- Painters - We often do murals and look for painters with large scale mural experience to round out our team when needed.
- Prop styling - We take on set design jobs and love to have freelancers with prop styling experience to call!
- Set design - You would need to know how to layout unique sets, source materials, and make drawings for a team to build off of.
- Rigging - can you work on an aerial lift? Do you have a license? Do you love being on job sites setting things up? YAY!
- Structural engineering - Must have a structural engineering degree and proper insurance.

Environment

This is an on-site job where the job site will vary according to each project. You must be able to thrive in a fast-paced and varied environment. You will be physically building and making things. It's awesome (and noisy, dusty, and smelly at times... but it's the sounds, feeling, and smell of creativity hard at work!).

Compensation and hours

Compensation is commensurate with experience. Work may take place on nights and weekends as needed.
